Re: National Velour Corporation - Docket No. 5017<sup>1</sup>

Dear Mr. Martin,

The Rhode Island Public Utilities Commission (Commission) has completed its review of the supplemental documentation submitted on October 14, 2021 on behalf of the National Velour Corporation Generation Unit. The documentation received indicates the facility began Commercial Operation on June 7, 2021 and the facility has been assigned the NEPOOL-GIS Asset Identification Number MSS71193.

Commission Staff has determined that the supplied documentation complies with the terms of the conditional eligibility authorized in Order No. 23846. Commission Staff has assigned to the National Velour Corporation Generation Unit the unique Rhode Island Public Utilities Commission Eligible Renewable Energy Resource Facility Certification Number RI-5017-N21. Renewable Energy Certificates associated with the production of energy from the National Velour Corporation Generation Unit which are minted on or after October 14, 2021 are eligible for the Rhode Island Renewable Energy Standard.

I can be reached at (401) 780-2107 should you have any questions regarding this matter.

Sincerely,

A handwritten signature in cursive script that reads "Luly E. Massaro".

Luly E. Massaro  
Commission Clerk

cc: James Webb - Administrator, NEPOOL GIS

---

<sup>1</sup> Location of the facility is 36 Bellair Ave., Warwick, Rhode Island 02886.
